INTRODUCTION

In November 2006 Madera County voters approved Measure “T”, which allowed a new Transportation Authority to impose a ½ cent retail transaction and use tax for 20 years (between April 1, 2007 and September 30, 2027). This sales tax measure will provide approximately \$183 Million in new revenues for transportation improvements according to financial projections through the year 2027. The allocation of projected sales tax revenues to specific types of transportation funding programs and improvement projects is described in the Investment Plan. The Investment Plan was developed by a Steering Committee who through many weeks of intense discussion and hard work developed the Measure funding program commitments. The Committee realized that providing Measure funds for all modes of transportation would meet the quality of life intent of the new Measure. This would in turn enable agencies within the County to address the needs of residents, businesses, and major industries over the 20-year life of the Measure. The Measure “T” Investment Plan details the following:

1. COMMUTE CORRIDORS/FARM TO MARKET PROGRAM (Regional Transportation Program) - \$93.3 million or 51%.

Authorizes major new projects to:

- Improve freeway interchanges
- Add additional lanes
- Increase safety as determined by the local jurisdictions
- Improve and reconstruct major commute corridors

These projects provide for the movement of goods, services, and people throughout the County. Major highlights of this Program include the following:

- **\$47.5 million** (approximately 26% of the Measure) is directed to fund capacity increasing projects and to leverage federal and State funding.
- **\$45.8 million** (approximately 25% of the Measure) is available for rehabilitation, reconstruction and maintenance of sections of regional streets and highways.

Funds can be used for all phases of project development and implementation. This funding program requires new growth and development within the County and each of the cities to contribute to street and highway project costs through local mandatory Traffic Impact Fee (TIF) programs. Funds collected by the local agencies through the TIF programs will provide at least 20% of the funds needed to deliver Tier 1 Projects over the Measure funding period (2007 through 2027). Specific Regional Transportation Program highlights and implementing guidelines are also described in Appendix B of the Investment Plan and in Section 4 of the Strategic Plan.

2. SAFE ROUTES TO SCHOOLS AND JOBS PROGRAM (Local Transportation Program) - \$80.52 million or 44%.

The goal is to improve each individual City’s and the County’s local transportation systems. Several funding programs are included:

- **\$40.26 million** (approximately 21.75%) has been guaranteed to each city and the County to meet

scheduled maintenance needs and to rehabilitate the aging transportation system.

- Another **\$40.26 million** of “flexible” funding is provided to the local agencies for any transportation project they feel is warranted including:
 - Fill potholes
 - Repave streets
 - County Maintenance District Area improvements
 - Add additional lanes to existing streets and roads
 - Improve sidewalks
 - Traffic control devices to enhance student and public safety
 - Enhance public transit
 - Construct bicycle and pedestrian projects and improvements
 - Separate street traffic from rail traffic

The local agencies in Madera County know what their needs are and how best to address those needs.

- About **\$915,000** (approximately 0.5%) is provided to fund local agencies for the ADA Compliance Program including curb cuts and ramps to remove barriers, as well as other special transportation services.

Funds can be used for all phases of project development and implementation. Specific Local Transportation Program highlights and implementing guidelines are described in Appendix B of the Investment Plan and in Section 4 of the Strategic Plan.

3. TRANSIT ENHANCEMENT PROGRAM (Public Transportation Program) - \$4.3 million or 2%.

The goal of this program is to expand or enhance public transit programs that address the transit dependent population and have a demonstrated ability to get people out of their cars and improve air quality. To accomplish this important goal:

- **\$3.66 million** (2% of Measure funding) is provided to the three (3) transit agencies within the County based upon service area population. Madera County would receive **\$1.70 million** or .93% of Measure funds, the City of Chowchilla would receive **\$0.25 million** or 0.14%, and the City of Madera would receive **\$1.4 million** or 0.76%. The transit agencies would use the funds to address major new expansions of the express, local, and feeder bus services including additional:
 - Routes
 - Buses (including low emission)
 - Night and weekend service
 - Bus shelters and other capital improvements
 - Safer access to public transit services
 - Car pools
- The remaining **\$311,000** (0.17% of Measure funding) is directed to ADA, Seniors, and Paratransit programs to improve mobility for seniors and people with disabilities.

Specific Transit Enhancement Program highlights and implementing guidelines are also described in Appendix B of the Investment Plan and in Section 4 of the Strategic Plan.

4. ENVIRONMENTAL ENHANCEMENT PROGRAM - \$3.66 million or 2%.

This program's goal is to improve air quality and the environment through four (4) important programs:

- Environmental Mitigation
- Air Quality (including road paving to limit PM₁₀ and PM_{2.5} emissions)
- Bicycle/Pedestrian Facilities
- Car/Van Pools

The linkage between air quality, environmental mitigation, and transportation is stressed and consequently, the local agency may direct the funds to the four (4) categories listed above as they desire. Specific Environmental Enhancement Program highlights and implementing guidelines are described in Appendix B of the Investment Plan and in Section 4 of the Strategic Plan.

5. ADMINISTRATION AND PLANNING PROGRAM - \$1.83 million or 1%.

Measure funding is provided to the Authority to:

- Prepare Investment Plan updates
- Develop allocation program requirements
- Administer and conduct specified activities identified in the other four (4) programs described above

Specific Administration / Planning Program highlights and implementing guidelines are described in Appendix B of the Investment Plan and in Section 4 of the Strategic Plan.

This document, the Measure "T" Annual Work Program, outlines the anticipated expenditure of Measure "T" funds by each Agency to the various programs for a specific year.

LOCAL AGENCY ANNUAL EXPENDITURE PLANS

The 20-year measure funding is expected to generate approximately a total of \$183,000,000. A majority of this amount is allocated as pass through funds to the local jurisdictions based on population size. Figure 1 indicates the population percentage of each local jurisdiction for this fiscal year. For FY 2012-13 a total of \$7,854,000 is estimated to be allocated to each jurisdiction. Figure 2 indicates the amount that will be allocated to each jurisdiction, including the Madera County Transportation Authority.

Figure 1

Figure 2

The following pages indicate how each jurisdiction is planning to spend their 2012-13 allocation.
